The Chapter's Chapter

Each month we will be highlighting one of our amazing chapters and what they think make them so awesome! To start us off we have Allemakewunk in the North Area. Let's see what Chief Sai, Vice Chief Owen, and Secretary Finn think.

Allemakewunk

The thing that makes our Chapter stand out from others is the immense amount of work that everyone puts in, not for their own gain, but to help better those around them. The Allemakewunk Chapter is the only chapter of the Order of the Arrow that I have had the opportunity of partaking in, so I may be biased. That aside, I know that the Order of the Arrow is scouting's honor society, but there are always those who go above the call and I am sure that the leadership team in our Chapter are all those people. At every meeting, the foremost thing on their minds is what will make the other Arrowmen's experience better, what will do the most for others, and what they can do for anything. I have never met more motivated individuals, who are willing to do whatever possible to better others scouting experience. I am sure all Arrowmen try to do these things, but I have yet to see anyone else succeed at so much and not expect a reward. I am very lucky to know people like this and really cannot say how great an organization they have helped put together.
